Follow these seven basic steps and you'll be drawing like a true Disney Animator!

Step 1:

- Start with 2 circles, one for his head and one for his nose.

Step 2:

- Add a slight corner shape to the top, then add Tigger's ears which are triangular in shape.

Step 3:

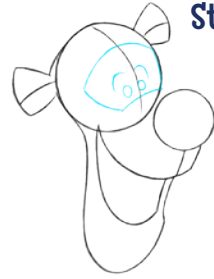

- Add Tigger's muzzle by giving him a big smile. Add the lower portion of his mouth by drawing a soft circle.

Step 4:

- Add Tigger's cheeks by drawing a circular line down to create his big jaw.

Step 5:

- Add his eyes which are two little circles over his nose.
- Darken the circles in and add two eye lids over these circles.
- Add the mask around Tigger's eyes.

Step 6:

- Define Tigger's muzzle and cheek then add his stripes over his eyes, along his cheeks and nose.
- Add Tigger's neck and don't forget to add his stripes as well.

Step 7:

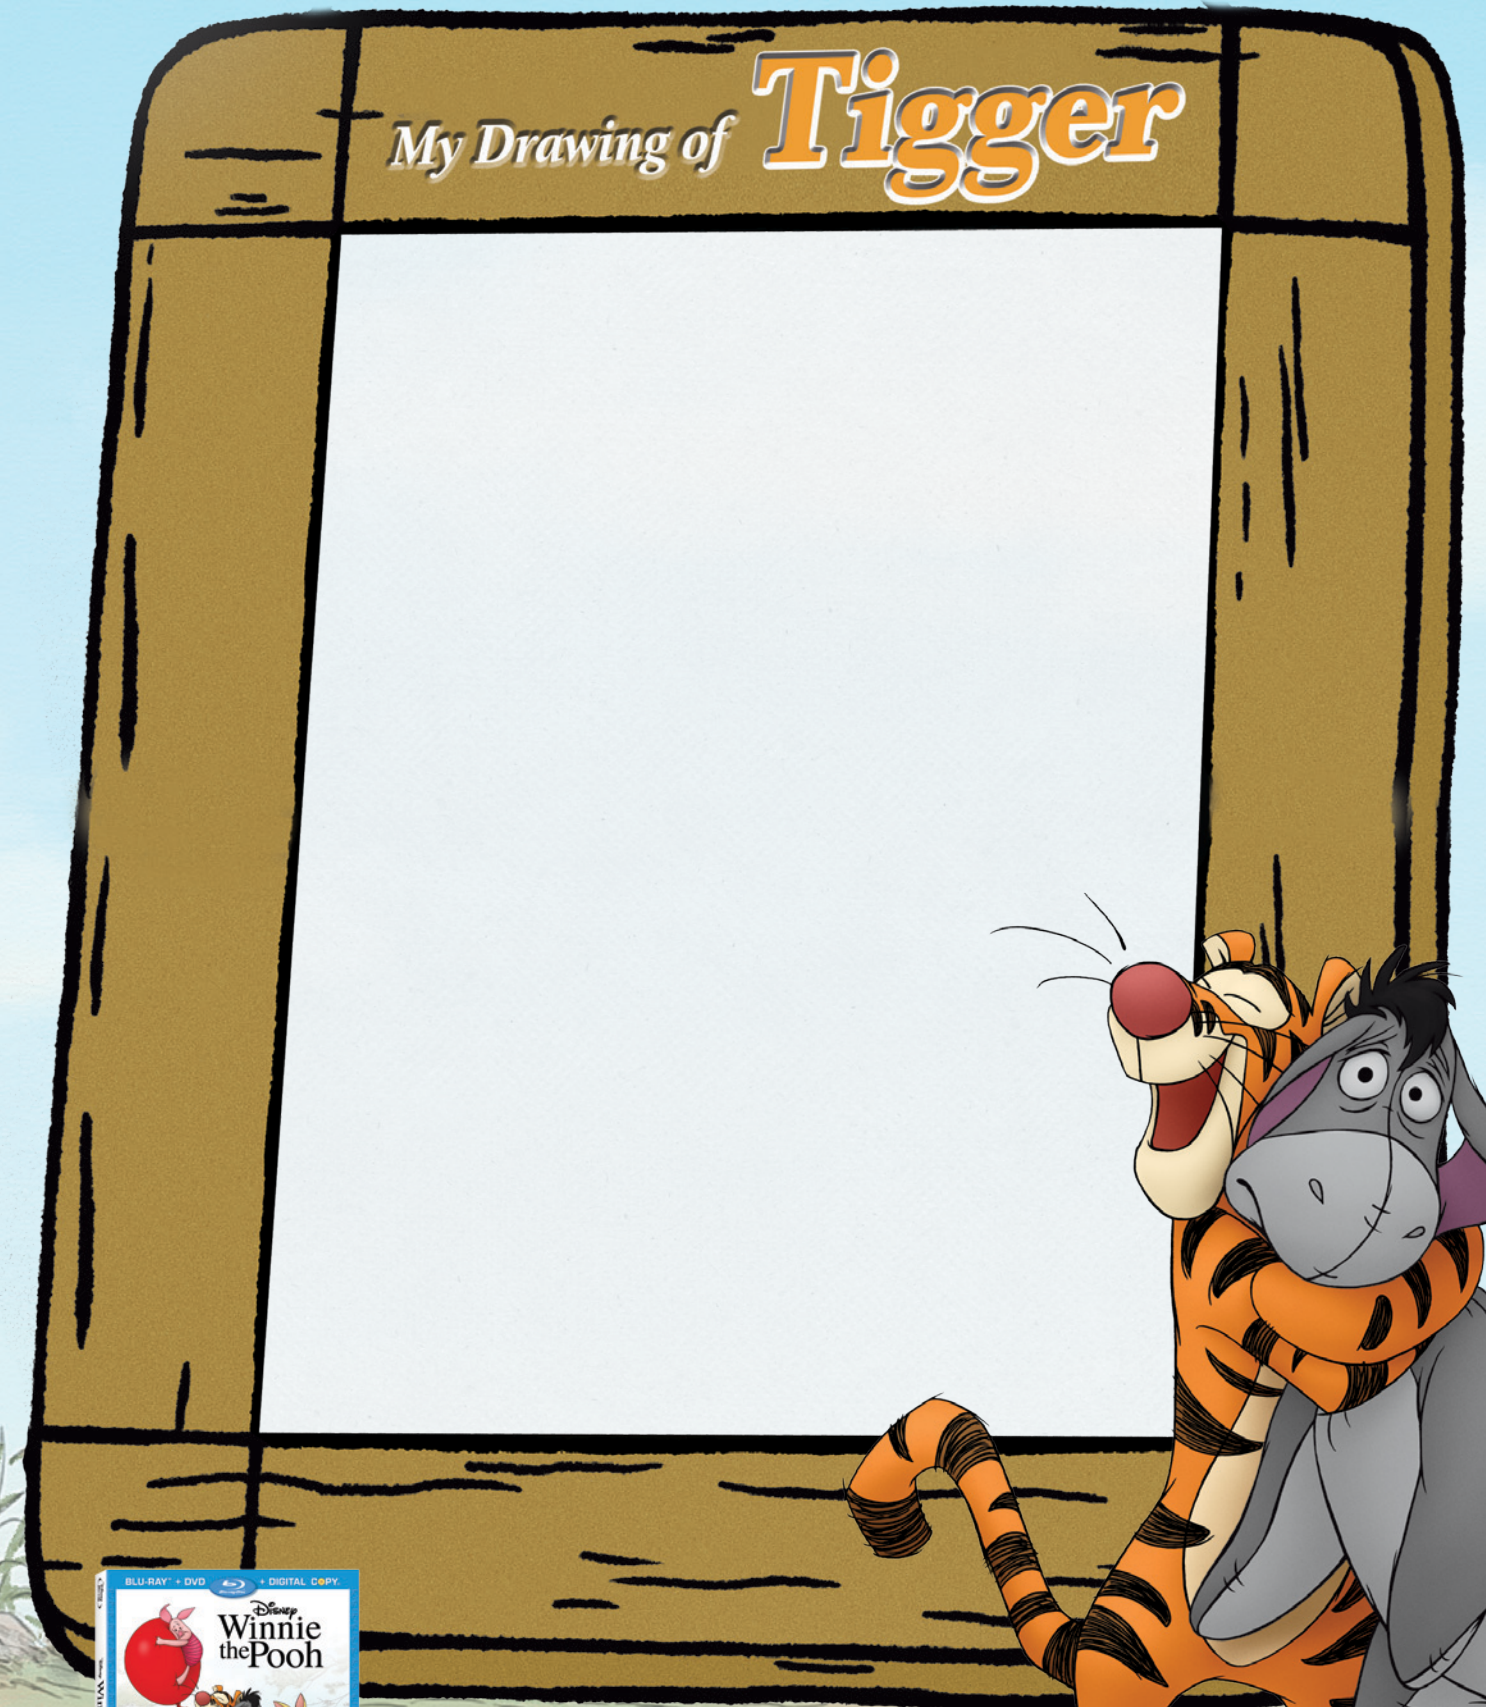

- Finally, add Tigger's whiskers.

Well Done!
