

Disney Winnie the Pooh

Follow these seven basic steps and you'll be drawing like a true Disney Animator!

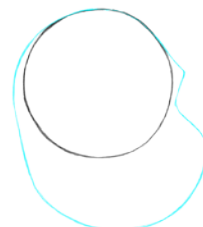

Learn to draw one of your favorite characters from WINNIE THE POOH with celebrated Disney Animator, **Mark Henn**.

Step 1:

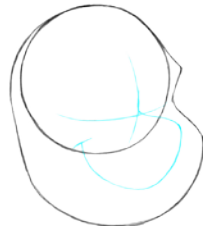

Start with a circle for Winnie's head.

Step 2:

Build the shape of Winnie's head by adding his brow and the bottom of his cheeks.

Step 3:

Add Winnie's nose by defining the middle of his head, then add his mouth as it's all connected.

Step 4:

Add Winnie's black-button nose by drawing a squashed circle and filling it in.

Step 5:

Winnie's eyes are simple round dots, add them both and fill them in.

Step 6:

Draw Winnie's eyebrows over the top of his eyes.

Step 7:

Finally, add Winnie's ears by making two half-round shapes on either side of the top of his head.

Well Done!

Darken-in a few details and you've got your very own cuddly ol' bear!
